

SENATOR SCHELLPEPER: Yes.

SENATOR CHAMBERS: But there are other laws that would make an adult subject to prosecution for assisting a juvenile in committing a crime. That is a conflict. Why are we so anxious to adopt this amendment when it creates that kind of problem? That's the question I'm asking you.

SENATOR SCHELLPEPER: Well, Senator, I see your problem and I'm sure we can get it worked out, but I see where you're coming from.

SPEAKER WITHEM: One minute.

SENATOR SCHELLPEPER: We need to try to emphasize that this only deals with Section 24, but I realize where you're coming from because when you go to another section you're...there will be a conflict, so...but that part I think we can work out, Senator.

SENATOR CHAMBERS: But, Senator Schellpeper, we're on the part right now that is creating the problem. Let's say that you and I are trying to put together medication to help a person and it's one of those unique types of concoctions whereby if you give one...it consists of two elements which must be combined to make it medicinal.

SENATOR SCHELLPEPER: Uh-huh.

SENATOR CHAMBERS: Either one of them alone would be toxic. So if we're putting together this concoction for the patient, why are we going to administer one of the elements which will be toxic, and then say, well, in addition to the original condition, we've aggravated it by adding this toxicity and later on down the line, if the patient survives that long, we will put together the concoction properly...

SPEAKER WITHEM: Time.

SENATOR CHAMBERS: ...and try to deal with it?

SPEAKER WITHEM: Before going on to the next speaker, first of all, while the Legislature is in session and capable of transacting business, I propose to sign and do sign LB 846, LB 847, LB 848, LB 849, LB 850, LB 851, LB 852, LB 853, LB 854, LB 855, LB 856, LB 857, LB 858 and LB 859. I would also like to
